Beth Ericksen
Mining Engineer
Utah Division of Oil Gas & Mining
1594 West North Temple Street
Salt Lake City, Utah 84114

Dear Ms. Ericksen,

Enclosed are the revisions to the Notice of Intention to Commence Large Mining Operations for the Ash Grove Cement Company's proposed Navajo Sandstone Mine. This submittal includes form MR-REV, a replacement page for form MR-LMO, and the revisions to the mining plan document. The revisions listed in form MR-REV have been made in redline/strikeout format. Since some of the page numbers have been adjusted, the entire text portion of the document is attached. Additional copies of revised tables, figures, and plates are also included in this submission and are intended to replace those in the original submission.

Please let me know if there is anything else that you need, or have any questions. I can be reached at (801) 561-1555, or at amenitove@earthfax.com.

Regards,

Ari Menitove
Staff Engineer
EarthFax Engineering, Inc.

Encl:
Form MR-REV, MR-LMO page 2, NOI text,
